Tentative Itinerary

Workshops will be taught throughout the trip and the various locations

Day 1 - 4 Arrive Athens. Overnight near the wonderful Plaka area. The Plaka area stretches from Syntagma Square to the base of the Acropolis and was settled in the 19th and early 20th centuries by wealthy merchants. Tavernas also sprang up. In the 1960's this area deteriorated but in the last few years the government and private citizens renovated and restored the area into a wonderful neighborhood with narrow, mazelike streets, tavernas & shops. Sightseeing over next 3 days - Acropolis with Parthenon & other temples; Flea Market; & National Archaeological Museum (containing one of the most exciting collections of antiquities in the world). Main gods & goddesses to be explored here - Athena, Zeus, & Haphaestus.

Day 4 Drive to magnificent Delphi in the mountains - Famous for the Oracle of Delphi. Located about one hundred miles northwest of Athens is the ancient site of the panhellenic sanctuary of Delphi. The complex of buildings, which includes the Temple of Apollo where sat the famous oracle, The sacred Corycian Cave, and the Castalian Spring, is nestled in the forested slopes and rocky crags on the south side of the sacred mountain (cf. Mountains and the Sacred) called Parnassus. The site had been sacred since at least the Bronze Age. According to legend, the shrine was originally guarded by the she-dragon Pytho. She was killed by Apollo who then took over the oracle. In antiquity, Delphi was regarded as the centre of the world. (from this site). 2 nights here.

Day 5 Visit the Ancient Temples of Apollo & Athena, amphitheatre & gymnasium. Gods & goddesses to be explored here - Apollo, Athena, Gaia & Python

Day 6 - 9 Today we will drive west & then south, over the Gulf of Corinth by bridge, to the Peloponneses (island south of mainland of Greece) to Napflion area & stay nearby, on the beach in Tolo for a change of pace. While here we will visit Napflion - a city of Venetian fortresses with an ancient harbor, harbor walk, restaurants, cafes and serenity.

We also will visit Mycenae, written of by Homer, with its magnificent archaeological site (dating back to 16th century B.C.) containing tombs, palaces, aqueducts, and the famous Lions Gate. Myth from this area is of Agamemnon & Orestes.

Also explore Epidaurus, home of Asclepius, god of healing & famous for its incredible amphitheatre. It was the health spa and religious center of its time and maintained a bath, hotels and dwellings for the

priest-physicians as well as a tholos building, temples, stoas, gymnasium, palaestra, stadium and a theater. The theater is one of the best preserved ancient structures in Greece and is now used for modern presentations of ancient Greek drama. The Asklepieia (athletic and dramatic festival) was held every 4 years. Epidaurus is claimed as the birthplace of Asclepius and it was the most celebrated center of his cult. Gods & Goddesses to be explored here - Aphrodite, Hera, Asclepius, Chiron. Also time to explore Napflion & nearby beaches.

Day 9 Drive to Athens airport - Visit Eleusis on the way - ancient site of Eleusinian Mystery School, a sanctuary of the goddess Demeter. The Eleusinian Mysteries were performed here 3,000 years ago to honor Demeter, goddess of the harvest, whose daughter Persephone had come back from the Underworld at this site. Goddesses to be explored here - Demeter & Persephone.

Late afternoon flight to Santorini (or early the next morning if can't make connections that afternoon, coming from Napflion area). Overnight for the next 3 nights here (or 2 if we stay in Athens on last night of main tour).

Santorini is known as one of the most beautiful islands in the world famous for its imposing landscape; the volcanic cliffs & the magnificent caldera with its impressionistic contrast of colours; the beautiful black sand beaches; the incredible white-washed houses, breathtaking sunsets, deep blue sea, & so much more. The light is magnificent here. The eruption of Santorini in Greece in 1,650 B.C. was one of the largest in the last 10,000 years

Day 10 Sightseeing around Santorini to Akroteri, ancient Minoan Village excavated from under the volcano ash - destroyed in approximately 1500 BC after earthquake & volcano. Akroteri, a Minoan city on the south part of Thera, is being excavated. About 3-6 feet (1-2 m) of ash fell on the city which had a population of about 30,000. The residents appear to have been successfully evacuated prior to the eruption. No bodies have been found in the ash like those at Vesuvius. Time here for swimming; shopping; relaxing.

Day 11 - more of the above

Day 12 Fights back to Athens for flight home on **Day 13** (overnight near the airport).

Who Are These Tours Designed For?

These tours are designed for women as well as men; young or not so young; people interested in the mystery and sacredness of life, with a desire to know and understand more of where we've come from to assist us in where we are going and making a difference on the planet. If you have a curiosity about mythology, sacred sites, other cultures, and a sense of adventure and want to travel with like-minded people in small intimate groups with a nice balance of workshop time, site time as well as free, independent time, these tours are designed for you. They are not your ordinary, large group tours, being herded into buses with little time to experience the energy of the site. We allow special extra time at sacred sites and there is always the option of being with the group or being on your own. Also, meals are usually not included, except breakfasts, to afford you the opportunity to explore on your own at meal time or eat with the group.

We want your tour to be a trip of a lifetime, a transformative adventure.
