Who Are These Tours Designed For?

These tours are designed for women as well as men; young or not so young; people interested in the mystery and sacredness of life, with a desire to know and understand more of where we've come from to assist us in where we are going and making a difference on the planet. We also explore some of the latest information out there that you may have never heard before. If you have a curiosity about mythology, sacred sites, other cultures, and a sense of adventure and want to travel with like-minded people in small intimate groups with a nice balance of workshop time, site time as well as free, independent time, these tours are designed for you. They are not your ordinary, large group tours, being herded into buses with little time to experience the energy of the site. We allow special extra time at sacred sites and there is always the option of being with the group or being on your own. Also, meals are usually not included, except breakfasts, to allow you to explore on your own at meal time or eat with the group.

We want your tour to be a trip of a lifetime, a transformative adventure.
